Derrick Hudson

OBJECTIVE

Looking to attain a full time position to actualize my passion for programming as a junior software developer.

To work rigorously in a fast paced environment at a software company.

EDUCATION

Appalachian State University: Boone, NC – *Computer Science*

August 2019 – Graduating: May 2022

- Data Structures
- Software Engineering

Computer Languages

Programming	Java, C++, C#, Assembly
Web Development	HTML5

EXPERIENCE

STS Terraria Mod – *Collaborator*

January 2017 – August 2018

- Worked on a two-person team interpreting 40,000 lines of an undocumented, decompiled code base of the game *Terraria*.
- Successfully completed our task goal of a multiplayer action game with a focus on reasonable scope of minimal viable product.

Earth Fare: Morrisville, NC – *Bulk Grocery Manager*

August 2018 – February 2020

- Managed the schedules of employees, filled many roles.
- Placed orders for bulk grocery.
